Four line & Square Graph/ Grid Green Chalk Boards

GRAPH/GRID GREEN CHALK BOARDS (FOUR LINE GRAPH FOR KIDS CLASSES)

We launched the new four line graph green chalk boards which is targeted for use in kids classes for showing and making them practice handwriting. this four line graph chalk board is very ideal for using in nursery or kg classes where children learns to write in proper way. To make the handwriting of the kids better and to teach them the proper way of writing we generally use four line writing copies but teaching them on class board how to write on the four line graph is also very important and this had lead us to manufacture and launch this exclusive new products which will help children to learn writing in a better and more Interactive way.

Available in all range of green chalk boards

- Geometrically perfect size graph
- Line spacing is large enough to accommodate bigger size writing enabling kids to view from last row
- Ideal for uses in pre school, nursery and KG classes
